WELDING EXPO 2017

Wednesday, September 13th and Thursday, September 14th

8:00 AM to 5:00 PM

Training Seminar Schedule

Wednesday, September 13th

- 8:30 AM – MIG/TIG Seminar
- 11:00 AM – Grinder Safety Seminar
- 1:30 PM – Plasma Seminar

Thursday, September 14th

- 8:30 AM – Plasma Seminar
- 11:00 AM – Grinder Safety Seminar
- 1:30 PM – MIG/TIG Seminar

PLASMA SEMINAR – Max Williams (Hypertherm) will demonstrate the features & benefits of the Powermax line of plasma machines. He will also discuss the latest technology in plasma consumables such as FlushCut & HyAccess which save time, cut costs, and increase productivity. In addition, the Freedom 38 PPA will be here at the show. This is an engine-driven plasma cutting & gouging system with an integrated air compressor that lets you work anywhere the job takes you.

MIG/TIG SEMINAR – Justin Heistand (Miller Electric) will demonstrate the features and benefits of the Millermatic 350P, Millermatic 252, and Dynasty 210DX. Carl Pharmer (Hobart Brothers) will present the latest technology in flux cored and metal cored wires as well as the Maxal 4943 aluminum filler metals. ****Current Build with Blue Promotion**** \$300.00 rebate with the purchase of a Millermatic 252; \$500.00 rebate with the purchase of a Dynasty 210

GRINDER SAFETY SEMINAR – Scott Buchanan & Mark Coblenz (Metabo) will focus on tool knowledge, proper tool applications, and safety requirements when working with grinders and accessories. Specific techniques and safety equipment to help prevent accidents will also be covered.

ALL SEMINARS ARE FREE TO ATTEND

*** Please Make Sure to RSVP as Classroom Sizes are Limited ***

- Welders
- Plasma Cutters
- Orbital TIG
- Oxy/Fuel Equipment
- Automation
- Tube & Pipe Benders
- Iron Workers
- Grinding & Polishing
- Auto Darkening Helmets
- Weld Cleaning Systems
- Safety Apparel
- Safety Supplies
- Welding Wires
- Magnetic Drills
- Band Saws
- Notchers
- Bevelers
- Fume Extraction
